

Back to School Barbecue at Calistoga Elementary August 21st, 2009

The annual Back to School Barbecue here at Calistoga Elementary, sponsored by the Family Center, was a outstanding success. There were 700+ guests. The Family Center served 700 hot dogs and hamburgers (one per guest) and ran out of food.

The Nutrition Program served mini apples for the September Harvest of the Month. The Apples were a success and the students loved wearing Deb Harris's Apple Costume and serving the apples. We had our Major Kick Off for Re-Think Your Drink. We offered Lemon, Lime, Cucumber and Plain Water. The students and parents loved it. Amazing how many decided the cucumber water was the best. I had it set up to allow guests to serve themselves. Deb brought the Different "Sugar" beverages to show. I had a great display above the table featuring the Poster and pictures.
